MALEK KARZOUN
Full Stack Developer

About me

*As a passionate and driven web developer, I am seeking an opportunity that combines the best of both worlds: a **full-time** junior developer position where I can utilize my diverse technical skills, contribute to real-world projects, and gain valuable experience. I am eager to apply my knowledge and unleash my creativity in innovation, particularly in problem-solving and building responsive websites. Additionally, I am open to considering an **internship** position that allows me to further develop my skills and gain practical experience in the field of web development as a full-stack developer.*
